

## FT456001 SAEKDONG

A photo of a group of young Korean dancers wearing traditional saekdongot inspired this colorful and powerful composition. Saekdong is a fabric made up of a patchwork of colored strips, each representing an element. Intended for use in children's or young adults' clothing, it attracts good fortune. This composition freely reinterprets these traditional colored bands in a spirit of collection and compilation. The hand-tufted technique produces a fluid look and intense colors.
