

## F3264006 SUNRISE

A high-performance product, SUNRISE successfully combines a 100% natural weave, combed linen and long fibers with exceptional outdoor properties. Beyond its softness, shine and natural resistance, linen fiber can be easily dyed and ensures complete and long-lasting color retention. Demonstrating an expertise that is unique in Europe, the Pierre Frey workshops in Northern France are developing a new formula that is new and unmatched within the market: combining a 100% natural linen weave with color pigments and a fabric treatment that achieves optimal outdoor performance.
