

F3482003 CARMEN

This high-performance fabric is developed and woven in the Pierre Frey workshops in the north of France. It offers the best performance for in/outdoor use: stain resistance thanks to a water-repellent treatment with a textile feel and high lightfastness. Adapted from a 19th century pattern book, CARMEN recalls the rich ornaments of the Indian Empire reinterpreted today in a contemporary stripe for indoor or outdoor use.
