

# F3544004 SETE

A high performance fabric, SETE offers exceptional in/outdoor properties: stain resistance and high lightfastness. Using an expertise that is unique in Europe, the Pierre Frey workshops in northern France have developed a formula that is unmatched within the market: combining a natural linen weave with highly resistant color pigments and water-repellent properties. This small geometric jacquard recalls with sobriety and modernity Provençal basketry in natural and graphic colors.
