

FTREFCA200B2 TRÈFLE

Designed by Toni Grilo for Maison Pierre Frey, the TRÈFLE sofa reimagines comfort with an enveloping and contemporary vision. Conceived as a fluid, welcoming structure, it unfolds through a harmonious interplay of inclined lines that subtly converge, evoking the simplicity and elegance of an organic, self-evident form. Inspired by the four-leaf clover, a symbol of luck and natural harmony, TRÈFLE features petal-shaped armrests that seamlessly merge with the backrest and seat. This design forms an open, inviting silhouette that beckons relaxation. Drawing from the natural posture of the body at rest, the sofa encourages deep, intuitive seating, delivering unparalleled support and optimal comfort. With its refined aesthetic and primary geometric forms, TRÈFLE achieves a delicate balance of artistry and practicality. The result is a sculptural yet understated masterpiece that enhances both comfort and style, redefining the living space with elegance and grace.
