

FVENUGU039I5 VENUS

The VÉNUS line, conceived by Sam Baron, introduces a fresh perspective to contemporary furniture design. Seamlessly merging classical and modern influences, its aesthetic is defined by a confident elegance. The subtle cornice adorning the base accentuates the wood's richness and natural nuances. The tabletop, offered in customizable finishes, infuses the collection with sophistication. Artistic lacquers such as Glacée, Kozo, and Empreinte, gouged oak, or lacquered glass provide refined variations that foster a harmonious dialogue between textures and materials, elevating the design with a rare and distinctive originality
