

# FVIRGFA VIRGULE

The Virgule line is a set of modular furniture allowing to compose a complete and personalized interior. The pieces live together harmoniously, joined or not and occupy the space according to your desires. The name Virgule given to the collection comes not only from the curve of the seat but also from the general movement of the furniture that can be assembled or modulated as desired. A sort of custom-made punctuation of the space. Looking for comfort, the classic shapes and the taut lines contrast with the interior curves. The cushions integrated into the backrest create a graphic and light effect. The comma shape allows for different seating arrangements and is adjusted to all morphologies.
