

FP405018 ZIA

Available in twelve new colors which complement the mineral accents of the grasscloth collection, this material is a surprising alternative to conventional wall covering. Silk brings out the exquisite beauty of these scintillating hues and makes this range so exclusive. As is the case for all traditional fabric wall coverings, the application of this material creates paneling effects which reinforce the unique, artisanal aspect of these timelessly luxurious silks.

FP405018 - Ardoise

Laize : 130,00 cm / 51,18 inch

Pierre Frey

TYPE	Plains & semi plains - Paperbacked fabrics
SALES UNIT	Available per meter/yard
BACKING	NON WOVEN
COMPOSITION	100 % Silk
WIDTH	130 cm / 51,18 inch
