

## FP484001 HEATHER

Reproduction of a painting by the artist Heather Chontos. These colored shapes are abstract interpretations of her environment, with delicate details of everyday life or landscapes under a changing light and expressions of her emotion when confronted with these realities. Chontos uses brushes and other tools such as old credit cards or scraps of plastic, which offer her greater freedom of expression. With this design, Pierre Frey continues a delightful exploration of the world of contemporary art. The skilled brush strokes on the painting are expressed in a large format and also are featured on fabric (F3215).
