

## FP502001 SHAMAN

The shaman is an important figure in the Native American community. He communicates with the spirit world through the interpretation of telluric phenomena. This large width print displays shamanic visions and portraits of Native Americans, reduced to their distinctive elements: war paint and headdresses. This spectacular design is the work of two students at the National School of Decorative Arts in Paris, which collaborates with the House of Pierre Frey. It is also available as coordinated fabric (F3249).
