

## FP611001 VOYAGE EN TOSCANE LA MER

An invitation to enjoy Tuscany and its relaxing Mediterranean atmosphere. Each original painting illustrates a different scene, to be displayed alone or together according to individual preference, depicting the sea, the countryside and the mountains. Here, the painting illustrates the sea and its verdant coast. The panoramic VOYAGE EN TOSCANE was created as a Myriorama\*. The panels can be displayed in any order. The landscape follows on and is always connected, regardless of the chosen order of display. Each reference joins with itself and/or with the additional references (FP611, FP612 and FP613). A Myriorama is an image, a scene with interchangeable views. Views can be changed and rearranged in any order and to infinity.
