

## FP897002 DJEHOUTY

This wallpaper is inspired by a golden cup offered by Thutmosis III to General Djéhouty, the king's trusted man in all foreign lands and in the mid-sea islands to thank him for his services. It shows a Nilotic scene composed of fish and lotus flowers. The metallic or matte 3D printing vividly captures the repoussé technique used by New Kingdom craftsmen to decorate metal cups. This work is kept in the Department of Egyptian Antiquities at the Louvre.
