

## FP944001 MEXIQUE

Timeless, this geometric design is a reinterpretation of a modernist design by textile designer Elise Djo-Bourgeois imagined in 1930 and presented the same year on the Djo-Bourgeois stand at the Salon des artistes décorateurs in Paris. The traditional rotary screen printing of the colors retranscribes the spirit of the original impressions with woodblocks, chosen by the artist. It reinforces the relief of this graphic composition. Traditional rotary screen printing.
